**Product: E.Z. Barrier Recessed Light Cover**

**Listing: 16562-1**

---

The E.Z. Barrier® Recessed Light Cover is a box manufactured of 24 GA. galvanized sheet steel having nominal dimensions 24 in. long x 16 in. wide, x 10 in. deep. The box is designed to fit over recessed can lights placed in ceilings between floor trusses, and is secured to the floor framing prior to the application of the gypsum wallboard ceiling. For use in wood truss floor/ceiling assemblies built in accordance with UL Design L528 with the following provisions:

- Max. 2 fixtures within 36 sq. ft. area.
- Min. o.c. fixture spacing of 24 in. within same truss cavity.
- Min. center-to-center fixture spacing of 34 in. for adjacent truss cavities

**Tests**

**ASTM E 119 Modified**
